

Babysitting Policy

Parents often ask about babysitting and this is not a service Cricket Nursery offer, however, some staff do babysit in their own personal time. The Nursery has no objection to staff babysitting but we accept no responsibility for this service. We would suggest that parents and staff set up a simple contract outlining the conditions and expectations of the service.

Cricket Nursery will not accept any responsibility for staff or children during babysitting occasions. Staff and Parents are reminded that they must maintain confidentiality and are not permitted to discuss other staff members or families who attend the Nursery.
